

AQUASHADOW®

Black Pond Colorant

PRECAUTIONARY STATEMENTS: CAUTION.

Contains Red 40, Acid Blue 9 and Yellow Dyes. Concentrated product may cause eye or skin irritation. Do not get in eyes, on skin or on clothing. Wear safety glasses or goggles and rubber gloves when handling. Do not taste or swallow. Wash hands thoroughly with soap and water after use. Remove and wash contaminated clothing before reuse. Do not mix with any other chemical. Concentrated product can stain fabric and other porous surfaces. Avoid direct contact with these materials.

FIRST AID

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops.

IF ON SKIN: Immediately flush skin with plenty of water for 15 minutes. If clothing comes in contact with the product, the clothing should be removed immediately and laundered before re-use. Seek medical attention if irritation develops.

IF SWALLOWED: Immediately drink water to dilute. Seek medical attention if symptoms develop. DO NOT induce vomiting unless told to do so by a physician. Never give anything by mouth to an unconscious person.

IF INHALED: Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops.

IN CASE OF EMERGENCY, CALL 1-800-654-6911.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL:

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep from freezing. Do not reuse empty container. Rinse empty container thoroughly with water, then offer for recycling, or dispose in accordance with state and local regulations. In case of spill, wash down with water and flush into sewer system.

WATER USE & RESTRICTIONS:

- Allow several hours for this product to disperse before swimming, irrigation, or fishing.
- Do not apply this product directly to drinking water sources.
- When used at the recommended dosage rate, treated water will not stain exposed surfaces.
- When used at the recommended dosage rate, treated water will not harm fish, waterfowl, pets, or wildlife.
- Chlorinated water will cause fading, requiring higher dosages or more frequent treatments.

DIRECTIONS FOR USE:

LARGER WATER FEATURES:

1. Determine water volume (acre-feet or cubic meters) as follows:

$$\text{Length (ft.)} \times \text{Width (ft.)} \times \text{Average Depth (ft.)} / 43,560 = \text{Acre-Feet}$$

or

$$\text{Length (m)} \times \text{Width (m)} \times \text{Average Depth (m)} = \text{Cubic Meters}$$

Note: One Acre-Foot = 325,000 gal. = 1,234m³

2. Use from 0.25 to 0.50 gallons (0.95 to 1.9L) of this product per 4 acre-foot of water as determined in #1 above.

Pour from the container near shoreline into water. Complete, even dispersion of this product should occur within hours after treatment, depending upon water movement.

Add additional amounts of this product as needed to maintain desired coloration effect following dilution or water exchange.

SMALLER WATER FEATURES:

Use 1 fluid ounces of this product for each 10,000 gallons of water.

Measure and pour directly into water feature. Complete, even dispersion of this product should occur within hours after treatment, depending upon water movement.

Add additional amounts of this product as needed, to maintain desired coloration effect following dilution or water exchange.

NOTICE: Neither the manufacturer nor the seller makes any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such handling, storage or use is contrary to label instructions. Read and follow the label directions carefully.

Black Pond Dye

This product is a water soluble dye designed for use in lakes, ponds, decorative water features and other impounded bodies of water with limited outflow.

This product beautifies murky, cloudy or off-colored water with a pleasing, reflective dark tint.

- Tints water a pleasing dark color for a more natural look
- Mirror-like appearance
- May provide cover for fish from predatory birds
- For use in: Lakes, Ponds, Water Features & Fish Hatches
- Reduces visibility of submerged pond equipment

KEEP OUT OF REACH OF CHILDREN
CAUTION

May cause eye or skin irritation.
